31st Annual Environmental Law Update

Co-produced with the Environmental Law Section of the State Bar of Wisconsin

Keep it clean

When it comes to Wisconsin's air, soil, and water, the *31st Annual Environmental Law Update* covers all the elements, including issues related to:

- Dealing with hazardous waste and emerging contaminants
- Regulating Wisconsin's wetlands
- Manufacturing, using, and distributing EPA-approved pesticides
- Monitoring water quality in Silurian bedrock
- Growing and processing industrial hemp

Representatives from the Department of Agriculture, Trade and Consumer Protection (DATCP) and the Department of Natural Resources (DNR) will share insights and provide guidance for working with their respective agencies.

Plus, our ethics panel will explain your duties in all-too-common lawyering situations.

Who should attend:

- Environmental law attorneys
- Real estate lawyers
- Agricultural law attorneys
- Business lawyers
- Construction law attorneys
- Municipal lawyers

How you'll benefit:

- Know the latest rules, regulation, legislation, and litigation related to hazardous waste, and clean air and water
- Learn how PFAS contaminate groundwater and the status of pending litigation
- Hear the new governor's priorities and initiatives for the DNR
- Gain insider tips for working efficiently and effectively with the DNR and DATCP
- Better understand what the DATCP regulates
- Know how to proceed when the next ethical conundrum crosses your desk
- Enjoy lunch with speakers and colleagues at the live event

Register today!
