

May 13, 2021 at 3:00-5:30

A virtual presentation and social event by the Construction and Public Contract Law Section on the latest developments in the construction industry featuring:

- Utilizing Drones – Patrick Whiting (Corporate Counsel at Kraemer North America) and Vincent Bauer (Asst. General Counsel WI DOT)
- Taking a Peak Behind the World's Tallest Timber Tower – Jason Korb (Owner of Korb & Assoc.) & Adam Arndt (President at Catalyst Construction)
- Technology in the Trenches – a panel discussion including Mary Collins (Senior Project Manager, Gilbane Building Company) and others

### Sponsorship Opportunities

This program will be actively promoted and advertised throughout the construction industry in Wisconsin. If your target market is the construction industry, including developers, contractors, engineers, architects, attorneys, accountants, insurance professionals, and other industry service providers, then you should consider sponsoring this program. The sponsorship opportunities and benefits are as follows:

• **Platinum (\$1,500)**

Platinum level sponsors will receive a virtual break out room for the social hour, prominent placement of company logo in the presentation and in promotional materials and podium mention.

• **Gold (\$1,000)**

Gold level sponsors will receive a virtual break out room for the social hour, placement of logo in promotional materials and podium mention.

• **Silver (\$500)**

Silver level sponsors will receive a virtual break out room for the social hour and placement of logo in promotional materials.

**Please indicate your preferred sponsor level above and provide firm name below for recognition.**
